ACCUD PROMO CATALOGUE

2026

Every two months a new special offer
on your favourite product range!

Calipers

Resolution 0.01mm/0.0005"

Accuracy: +/- 0,03mm
Automatic power on/off

Data transmission via cable or wireless transmitter

High accuracy of readings thanks to the use of a "glass" scale

111-XXX-10W		
111-006-10(W)	0-150mm	28,27 €
111-008-10(W)	0-200mm	45,66 €
111-012-10(W)	0-300mm	70,56 €

Caliper with glass scale

Choice of variants with or without thumb roller

Favourite model
"BESTSELLER"

Waterproof with IP 67
protection level

With big LCD
screen

Waterproof with
electronics SYLVAC

Micrometers

Resolution 0.001mm/0.00005"

Automatic power on/off

Carbide measuring faces

Waterproof with IP65 protection level

Possibility of fine adjustment using a "ratchet stop"

Setting standards are included

313-xxx-01		
313-001-01	0-25mm	78 €
313-002-01	25-50mm	93,41 €
313-003-01	50-75mm	113,91 €
313-004-01	75-100mm	120,83 €

Waterproof with IP 65 protection level

Basic analog micrometer

Standard digital ECONOMY type

Digital micrometer with changeable tips

Digital disk micrometer
